Letter Of Recommendation

I am pleased to write this letter of recommendation for **Adora Ezzedine**, who completed a Two month internship with us at 360 Media - Digital Branding Agency. During her time here, Adora demonstrated exceptional abilities in digital branding and a keen understanding of effective social media strategies.

Adora consistently exhibited a strong work ethic and a dedication to success, which reflected in her projects and interactions with the team. Her ability to analyze market trends and apply them in creative ways was particularly impressive. She was responsible for several campaigns that resulted in increased engagement and visibility for our clients.

Adora is a proactive learner, always eager to take on new challenges and responsibilities. Her positive attitude and professional demeanor make her a valuable addition to any team. I have no doubt that she will continue to excel and bring her unique skills wherever she goes.

Please feel free to contact me at karlmichel@360media-lb.com should you require any further information.

Sincerely,
Karl Michel Haddad
Managing Director
